### About OpGen

OpGen, Inc. is developing and deploying precision medicine tools to combat infectious disease in global healthcare settings, helping physicians improve patient outcomes by providing more rapid information about life-threatening infections and decreasing the spread of infections caused by multidrug-resistant microorganisms. OpGen offers a full portfolio of *in vitro* diagnostic products and clinical laboratory services that employ state-of-the-art molecular diagnostics and bioinformatics. Its QuickFISH® products are a suite of FDA-cleared and CE-marked diagnostics used to rapidly detect pathogens in positive blood cultures. Clinical laboratory services utilize the Acuitas® products, including the MDRO Gene Test, the Resistome Test, microbial Whole Genome Sequence Analysis and Acuitas Lighthouse™ bioinformatics system designed to detect, type, track and trend antibiotic resistant organisms in real-time. ### About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into an event platform hosting several influential conferences annually (Invitational, Summit, and Main Event).

In 2015, LDM launched the first pure microcap index (the LDMi) to exclusively provide intraday information on the entire sector. LD will continue to provide valuable tools for the benefit of everyone in the small and microcap universe.
